Applicant Information

Organization Name Imperial Irrigation District *

Tax ID 956001667

Proposal Name Imperial Integrated Regional Water Management Plan *

Proposal Objective In general, the purpose of the Imperial IRWMP is to provide a strategic road map that defines a portfolio of water resources project, programs and policies intended to deliver a reliable, high quality water supply for agricultural, municipal, commercial, and industrial water users over the planning horizon from 2010 to 2040; and garners local consensus for a course of action which anticipates and thus avoids conflicts over water within the region. The Imperial IRWMP Mission, Goals and Objectives have been defined and adopted by the Water Forum at the September 9, 2010 meeting and these are presented in the work plan. *

Budget

Other Contribution	\$0.00
Local Contribution	\$272,500.00
Federal Contribution	\$0.00
Inkind Contribution	\$240,000.00
Amount Requested	\$1,000,000.00 *
Total Project Cost	\$1,512,500.00 *

Geographic Information

Latitude * DD(+/-) 32 MM 49 SS 48

Longitude * DD(+/-) -115 MM 34 SS 11

Longitude/Latitude Clarification Location

County Imperial *

Ground Water Basin Ogilby Valley, West Salton Sea, Amos Valley, Borrego Valley, Coyote Wells Valley, East Salton Sea, Imperial Valley, Ocotillo-Clark Valley

Hydrologic Region Colorado River

Watershed South Salton Sea Watershed

Legislative Information

APPLICANT INFORMATION AND QUESTION'S TAB

APPLICATION TYPE

Is this an application for a Regional Planning Grant or an Interregional Planning Grant?

- a) ☒ Regional Planning Grant
b) ☐ Interregional Planning Grant

Q1. PROPOSAL DESCRIPTION

Provide a brief abstract of the Proposal. Please note if the Proposal will facilitate or support the participation of DAC's in the IRWM planning effort.

The Imperial Region Integrated Regional Water Management Plan (Imperial IRWMP) is needed to help the Imperial Region to make best use of the available Colorado River Supplies. Under the Quantification Settlement Agreement and related transfer agreements, the Colorado River water available to the Imperial Irrigation District, the primary water management agency in the region, was capped to help California stay within its 4.4 MAF annual apportionment, support resolution of inter- and intra-state conflicts, and to allow for the transfer of conserved water to other hydrologic regions in California. The resolution of the intra- and inter- state regional issues resulted in local issues and conflicts over the capped supply which will be address in the Imperial IRWMP. The Imperial IRWMP will evaluate and integrate a range of resources management strategies to meet the defined goals and objectives, to better manage and develop the available Colorado River supplies and local groundwater, prevent local conflicts, and through demand management measures, ensure the reasonable and beneficial uses of water by all users. The Imperial IRWMP will define, evaluate, integrate and prioritize projects for groundwater banking to store Colorado River water, desalinate of brackish groundwater or drain water, reclamation of wastewater (including review of cost effectiveness of consolidating facilities), exchange of water within the region, and other capital facilities to meet the water supply and quality needs of the area and it???s disadvantaged communities (DACs). There are nearly 500,000 acres of irrigated land. Developed areas include the incorporated cities of Imperial, Brawley, El Centro, Westmorland, Holtville, and Calexico, and a number of unincorporated communities which include Calipatria, Niland, Heber, Seeley, all of which are DACs with the exception of the City of Imperial. The Median Household Income (MHI) in Imperial County was \$36,894 (US Census Bureau Estimates for 2008). Persons below the poverty level accounted for 21.5% of the population. Meeting the DAC water supply and quality needs is a key component of the proposed project.

Q2. PROJECT DIRECTOR

Provide the name and details (including email) of the person responsible for executing the grant agreement for the applicant. Persons that are subcontractors to be paid by the grant cannot be listed as the Project Director.

The person responsible for executing the grant agreement for the applicant is: Tina Anderholt Shields, PE Assistant Water Department Manager
Water Supply Planning - Colorado River & QSA Issues Imperial Irrigation District 333 E. Barioni Boulevard Imperial, CA 92251 760-339-9038
phone 760-339-9262 fax tshields@iid.com

Q3. PROJECT MANAGEMENT

Provide the name and contact information (including email) of the Project Manager from the applicant agency or organization that will be the day-to-day contact on this application.

The Project Manager from the applicant agency that will be the day-to-day contact is: Anisa Divine, Ph.D., Senior Planner Agricultural Water Management Section Imperial Irrigation District 333 E. Barioni Blvd. (P.O. Box 937) Imperial, CA 92251 phone: 760-339-9036 fax: 760-339-9009 email: ajdivine@iid.com

Q4. APPLICANT INFORMATION

Provide the agency name, address, city, state, and zip code of the applicant submitting the application.

Imperial Irrigation District 333 East Barioni Boulevard Imperial, California, 92251

Q5. ADDITIONAL INFORMATION

Based on the region's location, what are the applicable DWR regions (Northern, North Central, South Central, and/or Southern)? The following link can be used to view each DWR region office boundaries:

http://www.water.ca.gov/groundwater/groundwater_basics/gw_contacts_info.cfm

- a) ☐ Northern Region
b) ☐ North Central Region
c) ☐ South Central Region
d) ☒ Southern Region

Q6. ADDITIONAL INFORMATION

List the name of the Regional Water Quality Control Board (RWQCB) in which your project is located. For a region that extends beyond more than one RWQCB boundary, list the name of each Board.

http://www.waterboards.ca.gov/waterboards_map.shtml

The Imperial Region is entirely within the State Water Resources Control Board Region 7, Colorado River Basin Region.

Q7. ELIGIBILITY

Does the application represent a single application from an IRWM Planning region approved in the RAP (see section II, Table 1 of the Planning PSP)?

Yes

If yes, include the name of the IRWM Planning region. If no, explain.

Imperial Region was unconditionally approved by DWR through the RAP process.

Q8. ELIGIBILITY

Is the applicant a local agency or non-profit organization as described in Appendix B of the Guidelines?

Yes

If no, please explain.

The Imperial Irrigation District is a public agency organized under the California Irrigation District Law.

Q9. ELIGIBILITY

List the urban water suppliers that will receive funding from the proposed grant. Those listed must submit self certification of compliance with California Water Code (CWC) §525 *et seq.* and Assembly Bill (AB) 1420 (see Attachment 6 of the Planning Grant PSP). If there are no urban water suppliers, so indicate.

No urban water supplier will directly receive funding from the proposed planning grant.

Q10. ELIGIBILITY

Have all of the urban water suppliers, listed in Q9 above, submitted complete 2005 Urban Water Management Plans (UWMP) to DWR? Have those plans been verified as complete by DWR? If not, explain. Will all of the urban water suppliers listed in Q9, along with any additional urban water suppliers that meet the urban water supplier definition threshold for the first time, submit updated 2010 UWMPs, consistent with the 2010 UWMP Guidebook and verified as complete by DWR, before the execution of a grant agreement? If not, explain.

Not applicable to this planning grant. Cities in the Imperial Region that were required to submit 2005 Urban Water Management Plans (UWMP) have done so and are currently working on 2010 updates. Most are DACs that will be able to take advantage of information compiled for the Imperial IRWMP. Q.11 01/31/2012

Q12. COMPLETENESS CHECK

Have all of the fields in the application been completed?

Yes

If no, please explain.
